- Acquire your professional Coach education from internationally acclaimed experts
- Gain competence and confidence to fast start your coaching practise

This program paves the way for you to master the art of facilitating personal **breakthrough** and **transformation**, the soul of Executive, Life and Development coaching.

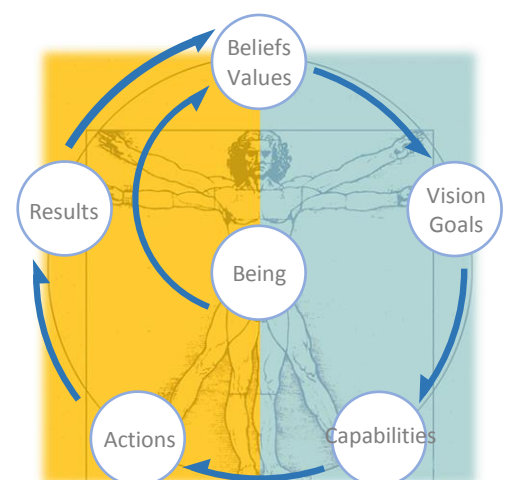

Artistry of Coaching-Associate Coach training is an International Coach Federation accredited coach training program leading to the Associate Certified Coach credential from ICF.

Curated by masterful facilitators you will explore the principles, methodologies, competencies and the way of **being** a coach rather than doing coaching. Artistry of coaching is an immersive learning experience that is fast paced, reflective, hands-on and intense!

Acquire deep understanding of:

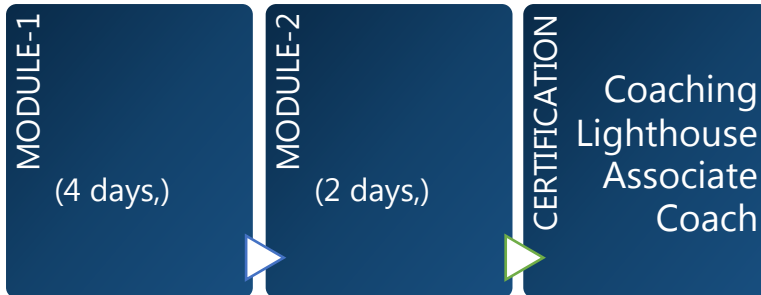

- The principles and the science of coaching
- A holistic approach to development: **Life Spiral**
- Co-creating a trans-formative coaching relationship
- Defining and setting powerful goals
- The structure of a coaching engagement
- The structure of a coaching session
- Listening to expand the client's awareness
- The art of powerful questioning
- Creating awareness
- Facilitating insights through creative thinking frames
- Designing actions

The philosophy of human **Potential** and **Resourcefulness** guides the Artistry of coaching approach. The concept of the **Life Spiral** provides a holistic approach to human development. The Life Spiral is a view of the human being as existing in two environments: internal and external and the dynamic relationship between the client's identity, beliefs & values, vision & goals, capabilities, actions and outcomes.
